

UNDERSTANDING HEALTH ECONOMICS IN CANCER RESEARCH

The Centre for Health Economics Research and Evaluation (CHERE) has been contracted by Cancer Australia to continue to provide health economics services to the Multisite National Cancer Collaborative Clinical Trials Groups through the **Cancer Research Economics Support Team (CREST)**. Capacity building is a key component of the services available from CREST, and we are pleased to announce a CREST workshop to be hosted by the Western Australian Clinical Oncology Group in WA.

Title:	Understanding health economics in cancer research
Date:	9.30 am – 4.30 pm Friday 28th August, 2015
Location:	Cancer Council WA Seminar Room, 15 Bedbrook Place, Shenton Park, WA.
Cost:	<i>Registration is free to members of a Cancer Australia Co-operative Trials Group or the WA Clinical Oncology Group.</i>

This introductory workshop is for those working or interested in cancer research who may encounter health economics in research papers or policy documents, or who would like to consider how health economics may be incorporated into their own practice or research. Participants in the workshop will receive course notes, including copies of the slides presented on the day, references used as examples throughout the workshop, and additional useful readings.

Workshop Program

The workshop will cover the following topics:

- Health economics and economic evaluation in research: An introduction
- Study design for economic evaluation in oncology research
- Identifying, valuing and measuring outcomes
- Identifying, valuing and measuring costs
- Interpretation of results of economic evaluations

Lunch and refreshments will be provided.

Participants will need to arrange their own travel to and from the workshop. CREST is unable to provide travel assistance for this workshop.

Workshop places are limited to 30 participants. To register, please send your name, trial group affiliation and whether you have any dietary requirements to:

Richard De Abreu Lourenço
